

TABLE IV. TARGET GEOGRAPHIC AREA

Organization Name: _____
Funding Category: _____

One form must be filled out for each service category for which funding is being requested.

(a) Services for the proposed program will be provided (check one):

- Citywide
- Borough-wide
- Multi-Borough
- Neighborhood-based

(b) If services provided are Borough-wide or Neighborhood-based, using the chart on the following page, identify by placing an "X" the Target Areas (by zip code) from which the proposed program will recruit clients.

Definitions

Citywide: Services are provided from a central site(s) in one of the five boroughs to which clients travel from throughout the city

Borough-wide: Services are provided at a central program site(s) located within the targeted borough to which clients travel from throughout that borough.

Multi-Borough: Services are provided from central program site(s) located in each of the boroughs targeted. Clients from each of the targeted borough travel to central site(s) located within that borough

Neighborhood-based: Services are provided to clients from a site(s) located in the neighborhood where most clients live.
